SETTING INTERACTIVE ACTIVITY & ASSESSMENT ATTEMPT LIMITS

We have added the ability to set limits on how many times a student may attempt any interactive activity or assessment.

STEP 1

Navigate to the Lesson Page

Navigate to the lesson you would like to set interactive coursework limits for and click on “Interactive” to expand the list of resources.

STEP 2

Set Limits

Locate the “Amount Threshold” field next to the lesson you want to limit. You can either enter a number in the field or use the up and down arrows to set the desired limit.

FOR EXAMPLE: If you only want the student to have one attempt, put a 1 in this field. This allows the student to click submit on their answers for an interactive activity or assessment one time. They will not be able to click on the activity or assessment again.
