

# City Council

## *Directions:*

1. Based on the issue presented to you by your instructor, develop a presentation defending your stance on the issue.
2. The presentation should be three to five minutes and include the following:
  - A speech which gives a full view of the issue such as information concerning both sides of the issue and a concluding statement
  - At least one visual aid
3. A written copy of the speech and a printed copy of the visual aid should be turned in after you present to the class.
4. Extra points will be given to class members who ask questions after a student presents as well as how the presenting student answers those questions.
