

# Prefixes & Suffixes

*Directions:*

You will be creating a medical glossary. This *Activity* will be the first pages of your glossary.

1. Define the following prefix or suffix, give an example of a word using the prefix and define your term. Do not use the terms from the presentation, with the exception of the prefix *jaund*.

An example has been given.

Prefix	Meaning	Example Word	Definition
<i>Bi</i>	<i>Two</i>	<i>Bicuspid</i>	<i>Having two flaps or cusps</i>
Sub
