

Fashion Career Profile

Directions:

Design a profile page for a social media site such as Facebook®, based on a career in the fashion industry.

1. Choose a career in the fashion industry. Be sure you are the only one in your class completing the project for your chosen career.
2. The page should include the following:
 - A profile picture of the career with a related cover photo
 - Facts about the career including at least the following:
 - name of the career
 - basic education/training requirements
 - skills needed
 - Photos of different people working in your career or of skills needed for the career
 - The timeline should include quotes from yourself and at least three of your classmates as to why this career relates to your personal interests
3. Present the profile to class.
