

Identifying Design Elements and Principles in Pre-Made Arrangements

Directions:

1. Using the Internet, library or local floral shops, locate at least 10 different floral arrangements and either take a picture or print a color copy of the arrangement.
2. Create a Microsoft® PowerPoint® presentation detailing the design elements and principles provided below. You can use various ways to detail each principle or element. You can circle, highlight, crop, draw lines, use arrows, note, etc. to show where in the arrangement each is located.
3. Include the following:
 - Elements
 - Line
 - Form
 - Space
 - Texture
 - Pattern
 - Color
 - Size
 - Fragrance (if applicable)
