

Skill Demonstration

Project Overview:

Practice counting and recording respirations based upon the steps required to successfully complete the skill.

Supply List:

- Watch or clock
- Pen
- Documentation sheet

Directions:

1. Gather required supplies for the completion of the skill.
2. Follow the steps listed in the **Procedure** below to successfully complete the skill.
3. Practice completing the skill until you feel comfortable performing the skill for peer evaluation.
4. Have a peer evaluate you completing the skill while they fill out the **Peer Evaluation Form** located on the next page.
5. Discuss your peer's evaluation and then evaluate them completing the skill.
6. Turn in the **Peer Evaluation Form** to your instructor.

Procedure:

- Address patient by name and introduce yourself.
- Explain procedure.
- Count respirations for one full minute.
- Make sure the signaling device is within reach.
- Wash your hands.
- Record respiration rate.

Skill Demonstration

Peer Evaluation Form

Name: _____

Peer Name: _____

Steps	Completed
Address patient by name and introduce yourself.	
Explain procedure.	
Count respirations for one full minute.	
Make sure the signaling device is within reach.	
Wash your hands.	
Record respiration rate.	

Additional Questions:

1. Were all steps completed to successfully accomplish the skill? Yes No

2. If not, which steps were missed?

3. Which steps could your peer improve?
